

The following list are award-winning children's books found at several different Athens locations. The Athens' Regional Library on Baxter Street seems to have the widest variety of holdings. Consider using these titles to integrate science activities and lessons with language arts. You can search the Athens Library On-line at <http://www.clarke.public.lib.ga.us/>.

Most University holdings are in the Curriculum Materials Center Library on the 2nd Floor of Aderhold Hall on the UGA campus.
