

Does Gravity Change the Way Plants Grow?

Materials:

- 4 Lima Beans
- 4 Paper Towels
- Water in a Spray Bottle
- Masking Tape
- Marker
- Plastic Bags

Procedure:

1. Soak 4 Lima Beans Over Night.
2. Moisten 4 Paper Towels
3. Place 2 Lima Bean Seeds between 2 paper towels. Do the same with the other 2 seeds and towels.
4. Put the seeds and the moist towel in a zip lock.
5. Put your name on your bag.
6. Tape one bag to poster board A and one bag to poster board B.
7. Keep both poster boards in a dark cabinet for several days. Keep the paper towels moist.
8. Turn (rotate) only poster board A to the right. Do not turn poster board B.
9. Record Observations. Write and Draw what you see.
